RocketStor 5411A

Single Bay USB 3.0 SATA 6Gb/s Storage Dock

Easiest, Quickest way to Access any SATA Hard Drive or SSD!

Introducing the RocketStor 5411A:

The RocketStor 5411A is the easiest and quickest way to add high-speed, multi-terabyte SATA storage to any computer with USB support.
Why bother with expensive, one-size-fits-all, USB drive kits? The RocketStor 5411A's simple, efficient design allows you to use any off-the-shelf SATA drive – from today's fastest SSD's to high-capacity 6TB hard drives.

Connecting drives to your computer has never been easier!

The easy to access, open-topped drive bay makes adding or removing storage a snap, and supports any standard 3.5" or 2.5" SATA hard drive and SSD.

User Friendly Plug & Play Installation

The RocketStor 5411A is a true plug and play USB 3.0 storage solution. It can be used with any PC or Mac system with USB support, and requires no driver or software installation. The RocketStor 5411A is fully backwards compatible with USB 2.0/1.0 connectors, and can be freely moved between any of your computing systems as needed.

Hot-Swap Ready

The RocketStor 5411A features Built-in Hot-Swap support. Safely add or remove any disk, on the fly!

SMART Green Energy Ready

The RocketStor 5411A supports common Power Management features provided by Windows and OS X operating systems, such as Sleep Mode.

The RocketRAID 5411A and hosted drive will enter a low-power state when the operating system is in sleep mode, in order to conserve energy and maintain optimal efficiency.

Instantly access SATA drives of any generation, size and performance level!

The RocketStor 5411A supports:

- Any SATA SSD and hard drive!
- Any performance level: SATAI, II and III.
- 3.5" and 2.5" drive sizes
- Any capacity, including the latest 6TB models

Feature Highlights

- Easiest, Quickest way to Access any SATA Hard Drive or SSD!
- Connect to any SATA I, II, III hard drive or SSD
- Hot Swap Support
- Quick Access to Backed up/Archived data
- True Plug and Play Experience

Works with any PC or Mac!

SMART Green Energy Ready

RocketStor 5411A Technical Specifications	
USB Port	Single USB 3.0 Port
Transfer Rate	USB3.0 – Up to 5Gb/s per port
Drive Interface	SATA
Drive Size	3.5" or 2.5" SSD or HDD
Drive Capacity	Up to 6 TB per slot
Drive Compatibility	SATA-II and SATA-III
LED Indicator	Power LED
Operating System	Windows, Linux, Mac OS X
Material	ABS Plastic
Power Supply	Input: AC100-240V / Output: DC +12V 4.17A
Warranty	1 Year

Packaging	
Kit Contents	RocketStor 5411A Storage Dock Quick Installation Guide USB 3.0 Cable External Power Adapter
Dimensions	9.25” L x 4.92” W x 4.13” H
Weight	1.33 lbs.
UPC Code	643653541119

Accessories	
RocketU 1022C	
	2-Port USB 3.0 PCI-Express 2.0 x1 HBA
